

WASHINGTON
WATER TRUST

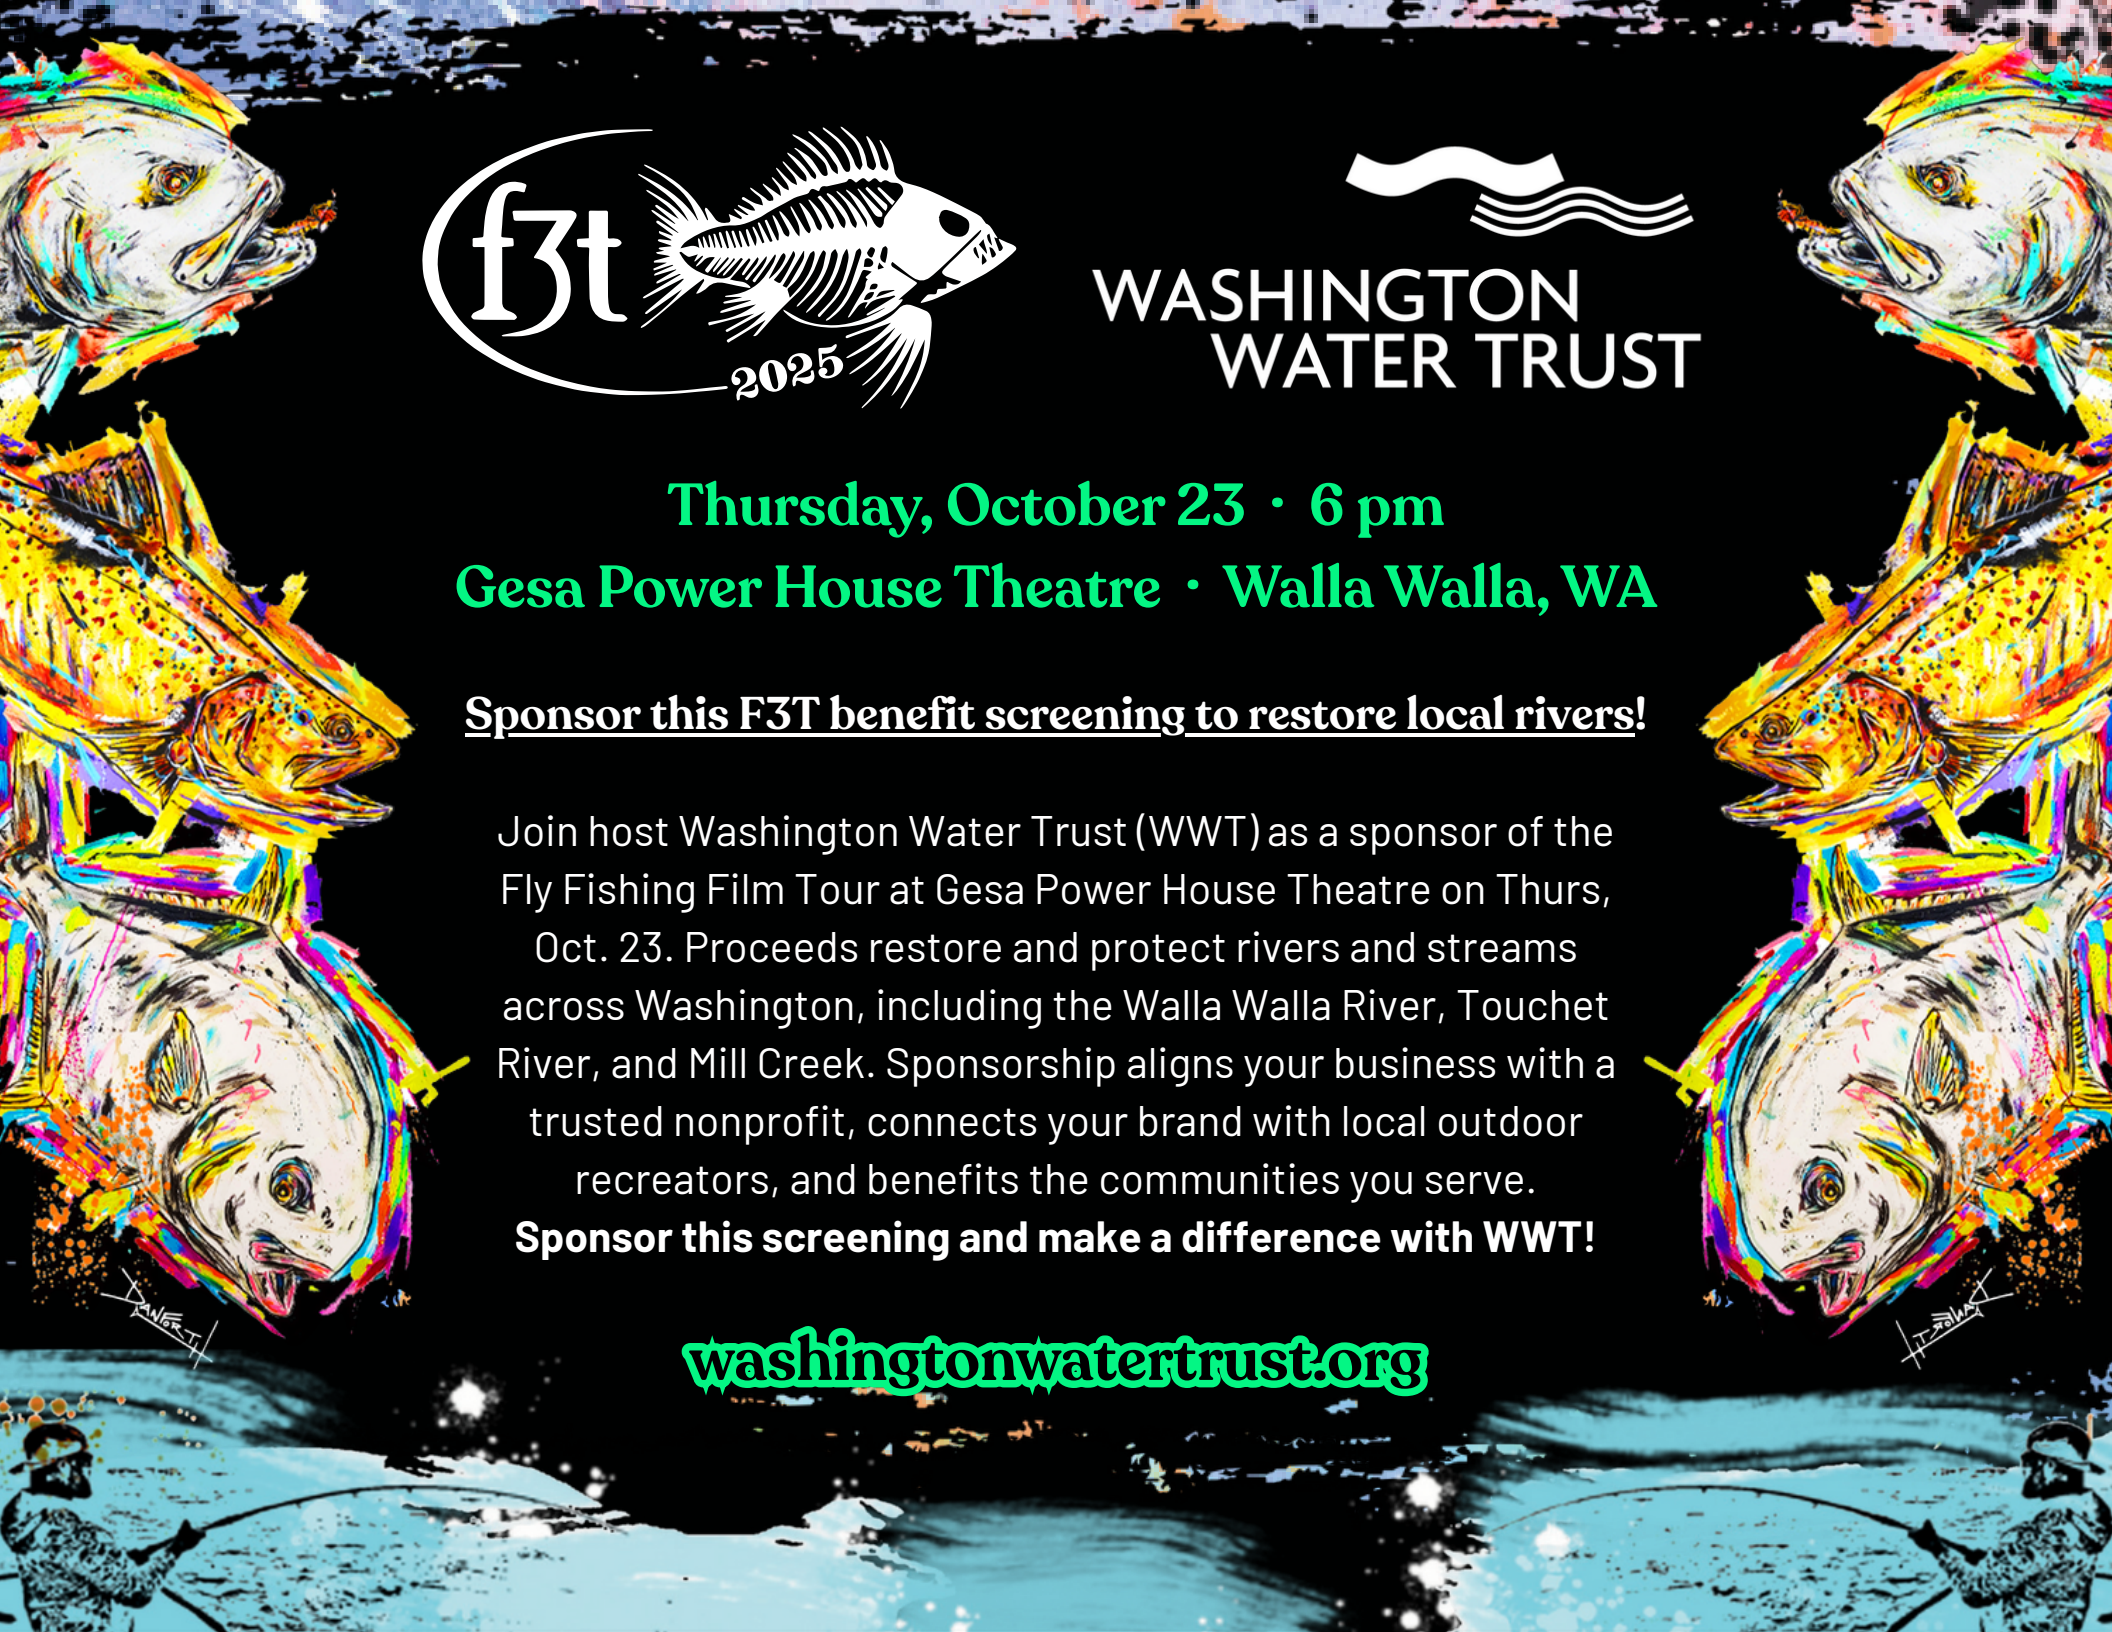

Thursday, October 23 · 6 pm
Gesa Power House Theatre · Walla Walla, WA

Sponsor this F3T benefit screening to restore local rivers!

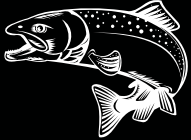

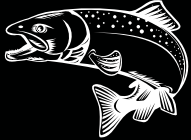

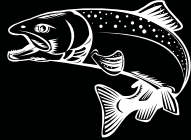

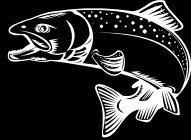

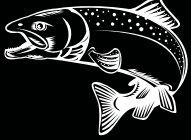

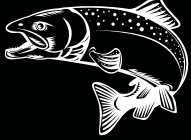

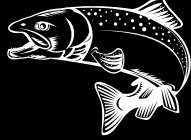

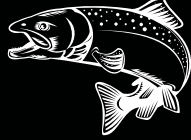

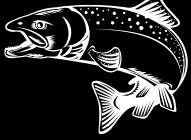

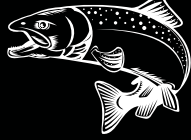

Join host Washington Water Trust (WWT) as a sponsor of the Fly Fishing Film Tour at Gesa Power House Theatre on Thurs, Oct. 23. Proceeds restore and protect rivers and streams across Washington, including the Walla Walla River, Touchet River, and Mill Creek. Sponsorship aligns your business with a trusted nonprofit, connects your brand with local outdoor recreators, and benefits the communities you serve.

Sponsor this screening and make a difference with WWT!

Washington Water Trust is the statewide nonprofit leader restoring flows to salmon streams. We are excited to host our third annual screening of the Fly Fishing Film Tour at Gesa Power House Theatre in Walla Walla and celebrate the connection between fishing and healthy rivers on Thursday, Oct. 23!

WWT keeps rivers flowing for communities and fish using collaborative market-based solutions. We work with businesses, farmers, the City of Walla Walla, the Confederated Tribes of the Umatilla Indian Reservation, and other local partners to restore streamflows in the Walla Walla River, Touchet River, and Mill Creek.

WWT has implemented 16 restoration projects in the Walla Walla basin since 2001, protecting more than 358 million gallons of water instream permanently. In 2024, we developed the first projects protecting water across the Oregon-Washington border.

Your business can sponsor this Fly Fishing Film Tour screening in Walla Walla to align with a trusted 501(c)(3) nonprofit, connect with local outdoor recreators, and make a difference for fish, farms, and communities across Washington!
